

# **MAHARAJA AGRASEN INSTITUTE OF TECHNOLOGY**

## **Entrepreneurship Development Cell**

### **VISION**

To focus on the holistic development of students of Maharaja Agrasen Institute of Technology and bridge the gap between studies and innovation to facilitate the entrepreneur in them.

### **MISSION**

The Cell shall endeavour to incorporate the following basic missions in its conduct:

- To introduce start up culture in the lives of engineering students at an early stage.
- To constantly strive towards developing not just the technical skills and innovation but also the soft skills that are necessary in today's world.
- To provide right opportunities that can change lives and help in transforming the world for the better.
